It is hard to believe we finished “Digital Habitat: Stewarding technology for communities” back in 2009. 7 years later the book is still selling on Amazon (amazing! grateful!). Etienne Wenger, John D. Smith and I wrote the book to help you support your communities. Now we have a little solstice, holiday, year end present for you.

Technology for Communities

Definition. Offsets can be defined as provisions to an import agreement, between an exporting foreign company, or possibly a government acting as intermediary, and an importing public entity, that oblige the exporter to undertake activities in order to satisfy a second objective of the importing entity, distinct from the acquisition of the goods and/or services that form the core transaction.
