Taiwan's death penalty laws and how they are applied, including death row and execution numbers, death-eligible crimes, methods of execution, appeals and clemency, availability of lawyers, prison conditions, ratification of international instruments, and recent developments.

The Death Penalty in Taiwan

Death row is a special section of a prison that houses inmates awaiting execution after being convicted of a capital crime. The term is also used figuratively to describe the state of awaiting execution ("been on death row"), even in places where no special facility or separate unit for condemned inmates exists.
