

DEVELOPMENT OF LANGUAGE THE

development of language the pdf

Language development is a process starting early in human life. Infants start without knowing a language, yet by 10 months, babies can distinguish speech sounds and engage in babbling. Some research has shown that the earliest learning begins in utero when the fetus starts to recognize the sounds and speech patterns of its mother's voice and differentiate them from other sounds after birth.

Language development - Wikipedia

Early language and literacy (reading and writing) development begins in the first 3 years of life and is closely linked to a child's earliest experiences with books and stories.
