A point-of-sale display (POS display) is a specialized form of sales promotion that is found near, on, or next to a checkout counter (the "point of sale"). They are intended to draw the customers' attention to products, which may be new products, or on special offer, and are also used to promote special events, e.g. seasonal or holiday-time sales.

Point of sale display - Wikipedia

The Standards for Commercial Support ensure that accredited CME serves the interest of patients and offers clinicians a protected space to learn and teach without commercial influence. To comply with the Standards, providers must deliver CME that is independent, based on valid content, and free of commercial bias.

A commercial lease agreement is a contract to rent retail, office, or industrial space between a landlord and tenant. The tenant pays a monthly amount to the landlord in return for being allowed the right to use the premises for their business purpose. Commercial leases are generally longer than residential types, between 3-5 years, and is common for the tenant to have options to renew at pre ...

Signage is the design or use of signs and symbols to communicate a message to a specific group, usually for the purpose of marketing or a kind of advocacy. A signage also means signs collectively or being considered as a group. The term signage is documented to have been popularized in 1975 to 1980.. Signs are any kind of visual graphics created to display information to a particular audience.
