drill regulations and service pdf

A fire drill is a method of practicing how a building would be evacuated in the event of a fire or other emergencies. In most cases, the building's existing fire alarm system is activated and the building is evacuated as if the emergency had occurred. Generally, the evacuation is timed to ensure that it is fast enough, and problems with the emergency system or evacuation procedures are ...

A drill team can be one of four different entities: [citation needed]. A military drill team is a marching unit that performs routines based on military drill. Military drill teams perform either armed or unarmed. A dance drill team creates routines based on precision dance movements rather than military drill. These teams usually do not carry anything, but may use props in field production ...
