

E GOVERNANCE AND CIVIC ENGAGEMENT

e governance and civic pdf

E-government (short for electronic government) is the use of electronic communications devices, such as computers and the Internet to provide public services to citizens and other persons in a country or region. According to Jeong, 2007 the term consists of the digital interactions between a citizen and their government (C2G), between governments and other government agencies (G2G), between ...

The New Vision of Local Governance and the Evolving Roles

Environmental governance is a concept in political ecology and environmental policy that advocates sustainability (sustainable development) as the supreme consideration for managing all human activities—political, social and economic. Governance includes government, business and civil society, and emphasizes whole system management. To capture this diverse range of elements, environmental ...
