The issue of whether the performance of dry needling (sometimes referred to as trigger point dry needling) is within the professional and legal scope of physical therapist practice continues to be a question posed to state regulatory boards, legislatures, and agencies. APTA has recently developed the following educational resource papers to assist components and practitioners on this issue.

History. The center was founded as the Behavior Research Institute in 1971 by Dr. Matthew L. Israel, a psychologist who trained with B. F. Skinner. In 1994, the center changed its name to the Judge Rotenberg Educational Center "to honor the memory of the judge [who] helped to preserve [the] program from extinction at the hands of state licensing officials in the 1980s.
